STATEMENT OF OBJECTS AND REASONS.

The Insurance Act, 1938 (IV of 1938), was last amended in 1941. Experience gained in the administration of the Act during the succeeding years brought to light several flaws and lacunae in it. With a view to remedying these defects, a Bill incorporating the necessary amendments was introduced in the Autumn Session (1944) of the Legislative Assembly. That Bill was referred to a Select Committee whose Report was later presented to the Assembly in the Budget Session of 1945. The Bill, however, could not be proceeded with further, and with the expiration of the Assembly, it has lapsed.

2. It is now proposed to amend the Insurance Act, so as to remove those defects and also to secure greater financial stability of insurance companies by incorporating the provisions contained in the original Bill as modified by the Select Committee. Certain alterations mostly of a minor nature including those necessary to rectify defects which have come to light since the introduction of the above-mentioned Bill in 1944 have been made, and certain provisions requiring further consideration have been omitted.

3. Brief explanatory notes on the several clauses of the Amending Bill are given in the annexed Notes on Clauses.

Notes on Clauses.

Clause 2.—While conditional assignees are recognised in section 38(7), it was not intended that such assignees should have the full rights of policy-holders under the Act, and sub-clause (*a*) makes this point clear.

Sub-clause (*b*) removes from section 2(15), the condition that the Superintendent of Insurance shall be a qualified actuary.

Clause 3.—Sub-clause (*a*) is to clarify the position that registration for one class of business only does not entitle an insurer to embark on any other class of insurance business without further registration for that class of insurance business also.

Sub-clause (*b*) clarifies the position regarding payment of the prescribed fee for registration of insurers.

Complaints have been received on tardy settlement of claims even when claims have been supported by a final judgment of the Courts. Sub-clauses (*c*) to (*e*) will enable registration to be cancelled for such delays, revival being contemplated where the Superintendent of Insurance is satisfied that due claims have been honoured. These sub-clauses also provide for cancellation of registration of insurers for failing to comply with an order made by the Superintendent of Insurance regarding the premium rates, etc., in respect of life insurance business and also for revival of the registration after compliance with the order.

Sub-clause (*f*) applies the provisions of section 3(5D) to all insurance companies, and gives the Superintendent of Insurance discretion whether to apply for winding up or not.

There are certain provisions of the Act other than those in section 3 which should be complied with before an insurer is registered, and sub-clause (*g*) attracts those provisions also.

Sub-clause (*h*) provides for issue of duplicate certificates of registration of insurers on payment of a fee under certain circumstances.

Clause 4.—This clause enables the Superintendent of Insurance to order an insurer after reference to another actuary to modify his rates, etc., in respect of life insurance business which are not in his opinion workable or sound.

Clauses 5 & 28.—Sections 4 and 65 are being amended to avoid undesirable competition between insurers and provident societies. Co-operative Life Insurance Societies are exempted.

Clauses 6 & 32.—The Act does not at present prohibit identity of name as between one provident society and another and as between insurers and provident societies; these amendments remove this lacuna.

Clause 7.—By mutual arrangements with certain Indian States, deposits made under this Act, has been accepted as cover in the State, and *vice versa.* It is a corollary of this arrangement that deposits in one area should not be returned without the agreement of the insurance authorities of the other.

Clauses 8 & 47.—The amendment (*a*) makes it clear that the life insurance fund should be separately invested and kept apart from the other assets of the insurer and also provides for annual submission and statements showing such assets; and (*b*) provides that a person carrying on life insurance business shall not be entitled to embark on other classes of insurance business unless the Superintendent of Insurance is satisfied that the life insurance fund is adequate to meet all his liabilities on policies of life insurance maturing for payment. Clause 47 provides for the non-publication of the summary of these statements in the annual Year Book.

Clause 9.—This amendment brings out clearly the intention of clause (*c*) in section 11(*1*).

Clause 10.—Amendment (*a*) provides for submission as returns, of accounts, etc., prepared under section 13(*5*), and (*b*) makes it obligatory on an auditor or actuary to sign (in hand), one copy of the accounts or valuation returns, as the case may be, furnished under section 15(*1*).

Clause 11.—Amendment (*a*) enables an auditor as defined in the Act to audit the required statements, and (*b*) makes it clear that the provisions of the regulations in the Third Schedule also apply to the revenue account in respect of business transacted in India by the insurers mentioned in section 16.

Clause 12.—This amendment is formal and consequential to an insertion in section 17 made in 1939.

Clauses 13, 16 & 47.—These amendments have the effect of making the provisions of section 21 apply to the statements required by section 28. The last clause provides for the non-publication of the summary of these statements in the annual Year Book.

Clause 14.—The first amendment will enable an investigation and valuation to be ordered as at a date later than that of the original investigation or valuation.

Experience has shown a tendency to delay submission of the necessary documents to the investigator, and sub-clause (*a*) (*ii*) gives the Superintendent of Insurance, power to impose a reasonable limit of time for this purpose.

Sub-clause (*b*) applies the relevant provisions of sections 13, 15 and 16 to an investigation under section 22 and also provides for submission of these returns within a time to be specified by the Superintendent of Insurance.

Clause 15.—Sub-clauses (*a*) and (*b*) are formal.

Sub-clause (*b*) makes an insertion to provide that only loans on policies which represent liability undertaken by him can be taken into account by way of reducing the amount of his investments.

Sub-clause (*c*) while requiring liabilities accepted by way of reassurance to be taken in account when calculating the amount of investments, permits liabilities so ceded to be deducted in making the calculation.

Clause 17.—This clause provides for the early repayment of loans which at the time the loan transaction was effected did not contravene section 29, but which by reason of some later event infringe that section.

Clause 18.—This clause extends section 31 to cover the case of the assets of a British Indian insurer in an Indian State.

Clause 19.—As section 33 is drawn, it would seem that if the Superintendent of Insurance himself makes the investigation he cannot at any stage utilise the services of an auditor or actuary to assist him. The first part of this amendment adjusts this position; to the second part of the amendment the note on sub-clause (*a*)(*ii*) of clause 14 is applicable.

Clause 20.—It was not intended that a nomination citing section 39 of the Act in favour of a wife or child should attract the provisions of the Married Women's Property Act, 1874 and this amendment is to secure the desired position.

Clause 21.—This clause amends section 40 for the following purposes:—

(*a*) to avoid duplicate licensing of insurance agents operating in Indian States with which Government has entered into mutual arrangement as to the administration of insurance law;

Sub-clauses (*b*) and (*c*) provide for payment under certain circumstances of a part of the commission to an agent who helps to revive a lapsed policy even though he may be different from the agent who originally introduced the policy.

Clause 22.—This clause enhances the penalty for contravention of the provision relating to prohibition of rebates.

Clauses 23 and 24.—It is considered undesirable that a life insurance agent or an employer of insurance agents should be a director of any company transacting life insurance business, and provision is made prohibiting this.

Clause 25.—Unpaid-up share capital is not necessarily a realisable asset, and this clause provides that unpaid-up share capital shall not be taken into account in determining the solvency or otherwise of an insurer or provident society.

Clauses 26 and 27.—In sanctioning a scheme of partial winding up, it is desirable that the Court should have power to make orders in respect of the portion of the deposits affected. Clause 26 inserts provision accordingly and clause 27 makes a consequential amendment.

Clauses 29, 30 and 34.—These clauses apply to provident societies certain provisions applicable to insurers which are either in the Act or are to be inserted therein by this Bill. The last clause is consequential to clause 30.

Clauses 31 and 43.—The references to "gross premium" in sections 73 and 98 have given rise to difficulties in checking whether deposits have been properly made; in future deposit will be based on the "premium income as shown in the revenue account".

Clause 33.—An insertion is made in section 81 requiring valuation to be made as at the 31st December.

Clause 35.—Sub-clause (*a*) widens the scope of investment for provident societies by substituting "approved societies" as defined in the Act for "Government securities".

Sub-clause (*b*) makes an insertion to enable societies to comply with any other relevant insurance law by which they may be bound.

The first proviso added by sub-clause (*c*) is on the lines of the first proviso to section 29(*1*). To the second proviso added by this sub-clause the note on clause 17 applies.

Clause 36.—The change made is formal.

Clause 37.—This places the provision for inquiries into the affairs of provident societies on the lines of sub-sections (*1*), (*4*) and (*5*) of section 33 relating to insurers.

Clauses 38 and 46.—The former clause introduces provision for the transfer and amalgamation of provident societies with the sanction of the Superintendent of Insurance. The latter clause provides for appeals against his orders in such matters.

Clause 39.—This recasts section 88 (*2*)—relating to the grounds on which an application to wind up a provident society may be made—to include clauses analogous to sub-clauses (*iii*) and (*iv*) of section 53 (*2*) (*b*), which treat the question in relation to insurers.

Clause 40.—This adds a clarifying provision to the effect that sections 91 to 93 apply to all liquidators by whomsoever appointed.

Clauses 41 and 42.—These supply formal omissions.

Clause 44.—This applies section 29 (regarding loans) to co-operative life insurance societies.

Clause 45.—This is to enable the Superintendent of Insurance to make complaints after notice to the insurer concerned.

Clause 48.—This recasts regulation 7 in the Third Schedule; also amends (*i*) the form of revenue account of life insurance business requiring data as to first year premiums to be given in more detail and (*ii*) clarifies that in the forms DDD and DDDD 'total gross amounts without taking reinsurances into account' should be shown; in form DDDD, there is also a clarificatory amendment.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

No. F. 106-I/46-A.—Under Rule 18 of the Indian Legislative Rules, the Governor General has been pleased to order the publication in the *Gazette of India* of the following Bill, together with the Statement of Objects and Reasons relating thereto, and the Bill and the Statement of Objects and Reasons are accordingly published for general information:—

L. A. BILL No. 2 OF 1946.

A Bill further to amend the Workmen's Compensation Act, 1923.

WHEREAS it is expedient further to amend the Workmen's Compensation Act, 1923 (VIII of 1923), for the purposes hereinafter appearing:

It is hereby enacted as follows:—

1. Short title.—This Act may be called the Workmen's Compensation (Amendment) Act, 1946.

2. Amendment of section 2, Act VIII of 1923.—In sub-section (*1*) of section 2 of the Workmen's Compensation Act, 1923 (hereinafter referred to as the said Act), in sub-clause (*ii*) of clause (*n*), for the word "three" the word "four" shall be substituted.

3. Amendment of Schedule IV, Act VIII of 1923.—In Schedule IV to the said Act, for the entry—

"200	...	4,000	5,600	30	0"

the following entries shall be substituted, namely:—

"200	300	4,000	5,600	30	0
300	...	4,500	6,300	30	0"

STATEMENT OF OBJECTS AND REASONS.

Under the Workmen's Compensation Act, 1923, workmen earning wages exceeding Rs. 300 a month are not entitled to compensation. The term "wages" includes dearness allowances. As a result persons who would have ordinarily been entitled to the relief under the Act are being deprived of it when their total wages exceed Rs. 300 due to adding of dearness allowances. To remedy this, it is proposed that the present limit of Rs. 300 a month be raised to Rs. 400. As the amounts of lump sum compensation payable at death or for permanent partial or total disablement vary with the wages, the amounts payable to those earning between Rs. 300 and Rs. 400 have also been fixed proportionately higher. The proposal has been supported by all the Provincial Governments and has been generally agreed to by the Indian Labour Conference and the Standing Labour Committee.

DIRECTORATE OF AGRICULTURE, BENGAL

Calcutta, the 31st January 1946.

Final Forecast of the Sugarcane Crop of Bengal for 1945-46.

(*Note.*—On an average of the five years ending 1943-44, the area under sugarcane in Bengal has represented some 7·9 per cent. of the total area under sugarcane in India.)

Character of the season.—Since the submission of the second forecast, the weather and its effect on the crop have been, on the whole, favourable. Some damage has been caused at places by drought, heavy rains and diseases.

Area planted.—The total area planted is estimated at 323,500 acres this year as against 309,700 acres of last year. The increase is due to high prices of gur and sugar.

Outturn.—The outturn of the crop per acre for the Province is estimated at 80 per cent. of the normal this year as against 72 per cent. of the normal last year.

Total yield.—Taking 515 1/5th maunds as the normal yield of sugarcane per acre, the gross outturn for the Province is estimated at 4,898,000 tons of cane this year as against 4,220, 000 tons of last year. On the basis of gur/cane ratio of 1:10, the fixed standard for the Province as a whole, the gross outturn of cane gur is estimated at 489,800 tons this year as against 422,000 tons of last year.

Other sources of gur.—The total quantity of gur likely to be produced from date-palm juice and other sources is estimated at 121,200 tons this year as against 123,700 tons of last year.

The total quantity of gur produced from all sources is thus estimated at 611,000 tons this year as against 545,700 tons of last year.

The Second Schedule.

A license described as the Calcutta and District Consolidated Electric License, 1946, is hereby granted to The Calcutta Electric Supply Corporation, Limited, a Company registered in England under the English Companies Acts and having its registered office in London, to supply electrical energy in the area and with the powers and upon the terms and conditions specified below.

THE CALCUTTA AND DISTRICT CONSOLIDATED ELECTRIC LICENSE 1946.

License for the supply of electric energy granted by the Government under the Indian Electricity Act, 1910.

1. **Short title.**—This license may be cited as "The Calcutta and District Consolidated Electric License, 1946".

2. **Interpretation.**—The several words, terms and expressions to which by the Indian Electricity Act, 1910, or by the rules thereunder, meanings are assigned shall have in this license the same respective meanings: provided that in this license—

(*a*) "the Act" shall mean the Indian Electricity Act, 1910;

(*b*) the expression "the licensees" shall mean the said Calcutta Electric Supply Corporation, Limited, and their permitted assigns;

(*c*) the expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with the Government in pursuance of the rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of Bengal in the Department of Commerce, Labour and Industries and by the Agent of the licensees;

(*d*) the term "unit" shall mean the quantity of energy equivalent to a current of one thousand amperes flowing under an electromotive force of one volt during one hour;

(*e*) unless otherwise stated, where roads or streets are mentioned as forming the boundary or part of the boundary of any area in this license, the premises, properties or structures abutting upon either side of such roads or streets are deemed to be within the area referred to. Where any part of a boundary is stated to be a railway, the area shall be deemed to include such part of the railway as lies along the boundary referred to. Where any part of the boundary is stated to be a railway station or passing through a railway station, the whole of such railway station premises shall be deemed to be included in the area so that the boundary will be the outer side of the station premises and lands. Where any part of a boundary is stated to be a canal or "khal" or river or stream or inlet and where the boundary line is stated to run along the same (but not where the line is stated to run accross the same) then such canal, "khal", river, stream or inlet shall be deemed to be included in the area;

(*f*) the term "large consumer" shall mean a consumer who shall agree to take from the licensees and pay for a minimum consumption of 500,000 units of energy per annum;

(*g*) the term "small consumer" shall mean a consumer who shall not so agree;

(*h*) the term "the undertaking" shall include all the undertakings which have been authorised by the licenses set out in the First Annexure hereof and which are consolidated into a single undertaking under this license.

3. **Area of supply.**—The area within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area bounded as set out in the Second Annexure hereof.

The boundaries of the said area are delineated in the deposited map by a heavy red line.

4. **Purpose of supply.**—The licensees are hereby authorised to supply energy.

(*a*) direct to large and small consumers within the area of supply for all puroses;

(*b*) in bulk to distributing licensees for sale by them to consumers within their respective areas of supply: provided that the distributing licensees so supplied in bulk shall not be at liberty to supply to any one consumer energy exceeding 100,000 units per annum unless with the prior permission in writing of the licensees. If such permission is refused, such consumer shall be supplied direct by the licensees;

(*c*) to small consumers within the area of supply of a distributing licensee who takes a bulk supply from the licensees, provided that the consent of the distributing licensee has been obtained to the supply to such consumers. If such distributing licensee fails or is unable to supply energy to any small consumer within his area, the licensees may proceed to supply such consumer without the consent of the distributing licensee.

5. **Compulsory works.**—The compulsory works specified in the licenses set out in the First Annexure hereof having been executed to the satisfaction of the Provincial Government, it is hereby expressly declared, in pursuance of clause (*f*) of sub-section (2) of section 3 of the Act, that Clauses I and IV of the Schedule to the Act shall be excepted from incorporation in this license.

6. **Creation of sub-areas.**—In pursuance of clause (*f*) of sub-section (*2*) of section 3 of the Act, and by way of exception to section 22 of the Act, it is hereby expressly declared that—

(*a*) the licensees shall not be under any obligation to supply energy to any small consumer in any road, street or lane in which the licensees have not already laid down or constructed low or medium pressure mains until the Provincial Government shall, after enquiry, have decided that the local demand in any sub-area created under sub-clause (*b*) hereof is sufficient to provide a reasonable return to the licensees on the expenditure incurred in giving a supply of energy to small consumers in that sub-area. On any such enquiry the licensees shall be entitled to be heard, and regard shall be had to the question whether high pressure mains for large consumers have or have not already been laid down to the sub-area concerned. Where such high pressure mains have already been laid down the licensees shall commence supply within six months after receipt of notice in that behalf from the Provincial Government and for that purpose the licensees shall construct any necessary transformer station within or near such sub-area. Where such high pressure mains as aforesaid have not previously been laid down the licensees shall commence supply within 12 months after receipt of such notice or within such longer period as the Provincial Government may fix after considering any representations made by the licensees. In the event of supply to small consumers being directed to commence in a sub-area to which no such high pressure mains have been laid down, the licensees may as their option construct a temporary generating station in such sub-area instead of laying high pressure mains to the sub-area. If it be found necessary for the licensees to apply to Government for compulsory acquisition under any law for the time being in force of any land for such transformer station or temporary generating station as hereinbefore mentioned, the licensees shall thereupon intimate the fact to the Provincial Government and the period within which the supply is to be commenced shall run from the date on which possession of the acquired land is given to the licensees provided always that if the licensees shall be prevented from commencing the supply within the time limited by reason of earthquake, flood, tempest, fire or act of God, or other causes beyond the control of the licensees, the time for the commencement of the supply shall be extended accordingly.

(*b*) the portion of the area of supply which is not covered by the low or medium pressure mains referred to in sub-clause (*a*) of this clause shall be deemed to be divided into such sub-areas as may from time to time be ordered by the Provincial Government, after enquiry in the manner provided by sub-clause (*a*) aforesaid, or approved by the Provincial Government on the application of the licensees, and each such sub-area shall for the purposes of section 22 of the Act be deemed to be the "area of supply" referred to in that section, and the provisions of section 23 of the Act regarding undue preference shall apply as if each sub-area were covered by a separate license. Any sub-area may be formed as aforesaid either before or after any requests for supply have been received from intending small consumers.

(*c*) clauses V, VI, VII, VIII and XII of the Schedule to the Act shall be deemed to be excepted in reference to all parts of the area of supply referred to in sub-clause (*b*) of this clause until the Provincial Government shall order or decide that the local demand for electric energy is sufficient to warrant the observance thereof in any sub-area as provided in sub-clause (*b*) aforesaid and shall give notice in writing of such decision to the licensees, whereupon such clauses V, VI, VII, VIII and XII of the Schedule to the Act shall apply in respect of such sub-area.

(*d*) the following sub-clause shall be substituted for sub-clause (*2*) of clause X of the Schedule to the Act, namely:—"Within six months from the date of the creation of a sub-area, the licensees shall give notice by public advertisement, in such a manner as shall be previously approved by the Provincial Government, of the method by which

they propose to charge for energy supplied to consumers and the rates at which such energy will be supplied. Where the licensees have given such notice they shall not be entitled to change the method of charging or the rates at which energy will be supplied without giving notice thereof by by public advertisement in the manner aforesaid and giving not less than one month's notice in writing or such shorter notice as the Provincial Government may deem proper of any such change to the Provincial Government and the local authority concerned and every consumer of energy who is supplied by them."

7. **Nature of supply.**—The supply to be given under this license shall be alternating current at a frequency of 50 complete cycles per second, or direct current, as follows:—

(*a*) for domestic and general purposes other than manufacturing, by a medium pressure three-phase four-wire supply at a pressure of 400 volts between phases and 230 volts between each phase and neutral, or, at the licensees' discretion, direct current at 225 or 450 volts; provided that where the maximum demand exceeds 50 kilowatts, the supply may, at the licensees' discretion, be given by a three-phase supply at a pressure of 3,300 or 6,000 volts between phases;

(*b*) for manufacturing purposes, where the maximum demand does not exceed 50 kilowatts, by a medium pressure three-phase supply at a pressure of 400 volts between phases, or, at the licensees' discretion, direct current at 450 volts;

(*c*) for manufacturing purposes, where the maximum demand exceeds 50 kilowatts, by a three-phase supply at a pressure of 3,300, 6,000, 20,000 or 33,000 volts between phases.

The pressures stated above shall be as measured at the consumers' terminals and shall be uniform, within the limits prescribed by the Indian Electricity Rules, 1937, throughout the area of supply.

(*d*) for traction by three-phase alternating or direct current at such pressures as may be arranged:

Provided that the licensees may, from time to time, with the previous consent in writing of the Provincial Government and subject to such limitations and conditions as shall be prescribed in writing by the said Government, adopt any other system or pressures of supply for the purpose of this license.

8. **Limits of rates to be charged in respect of the supply of energy.**—The rates to be charged by the licensees for energy supplied by them shall not exceed the following maxima, namely:—

(*a*) for lights and fans annas 8 per unit metered,

(*b*) for purposes other than lights and fans annas 4 per unit metered,

(*c*) in the case of a method of charge approved by the Provincial Government on the application of the licensees, in accordance with section 23, sub-sections (*3*) and (*4*) of the Act, the maximum rates shall be such as the Provincial Government may fix on approving the matter.

9. **Control of rates.**—In the event of the option of purchase exercisable on the 1st day of January, 1950, as hereinafter mentioned not being exercised, the Provincial Government may at any time thereafter appoint a Committee, constituted according to such enactment governing the control of rates of supply of electrical undertakings in India as may be in force at the time, to examine the rates of supply of the licensees with reference to principles laid down in such enactment; and if the Provincial Government approves the recommendations (or any of them) made by such a Committee, the recommendations so approved shall be binding on the licensees. No such Committee shall be appointed within five years of the acceptance by the licensees of the recommendations of an earlier Committee.

10. **Purchase of the undertaking.**—(*1*) The option of purchase given by section 7 of the Act shall be exercisable on the 1st day of January, 1950, and thereafter at the end of every subsequent period of twenty years during the subsistence of this license.

(*2*) The purchase price payable upon the exercise of the said option of purchase on the 1st day of January, 1950, shall be in accordance with section 7(*1*) of the Act, the percentage addition being 20 (except as provided below), together with a sum equivalent to one year's gross revenue (calculated as the average of the three years 1947-1949) received by the licensees for supply of energy and rent of meters and other apparatus on consumers' premises in the area previously included in the following among the licenses set out in the First Annexure hereof:—

Provided that the percentage addition in respect of any lands, buildings, works, materials and plant brought into use after the 1st day of January, 1937, shall be 15 only.

(*3*) The purchase price payable on the exercise of the said option of purchase in 1970 or subsequently shall be—

(*a*) the net expenditure on the capital account of the licensees in respect of lands, buildings, works, machinery, mains, apparatus, appliances, fixtures, furniture, vehicles and other like property (including serviceable Stand-by plant) owned and used by the licensees for the purposes of the undertaking less the total depreciation thereon calculated by applying each year the following rates on the original cost:—

(2) It extends to the whole of British India.

(3) It shall come into force at once.

2. **Interpretation.**—In this Ordinance,—

4. **Prohibition of transfer and receipt of high denomination bank notes.**—Save as provided by or under this Ordinance, no person shall after the 12th day of January 1946 transfer to the possession of another person or receive into his possession from another person any high denomination bank note.

5. **Exchange of high denomination bank notes held by banks and Government treasuries.**—(1) A bank, other than a scheduled bank, may obtain from the Reserve Bank or a scheduled bank an equivalent amount in bank notes of the denominational value of one hundred rupees in exchange for the high denomination bank notes declared by it in the returns under the Bank Notes (Declaration of Holdings) Ordinance, 1946 (II of 1946), and tendered for such exchange, or if it so desires, a credit of that amount with the Reserve Bank or a scheduled bank.

(2) A scheduled bank or a Government treasury may obtain from the Reserve Bank an equivalent amount in bank notes of the denominational value of one hundred rupees in exchange for any high denomination bank notes tendered for such exchange which have been declared by it in the returns under the aforesaid Ordinance or which have been received by it in exchange under this Ordinance, or if a scheduled bank so desires, a credit of that amount with the Reserve Bank.

(3) Notwithstanding anything to the contrary in the foregoing provisions of this section, where the first return referred to in section 4 of the Bank Notes (Declaration of Holdings) Ordinance, 1946 (II of 1946), is presented in the manner provided in the proviso to sub-section (2) of that section, the exchange referred to in this section may be effected only with the Reserve Bank at Bombay.

Provided that if such owner resides in a place not within convenient reach of any such branch, bank or treasury or if by reason of age, infirmity or illness he is unable to attend thereat, or if the provisions of sub-section (9) are applicable to him, he may forward the high denomination bank notes he desires to exchange with the three copies of his declaration by insured post to the Reserve Bank at Bombay, Calcutta or Madras at any time within fourteen days after the commencement of this Ordinance.

(5) The person who signs any declaration under this section shall be deemed for all purposes to be the owner of the high denomination bank notes to which it relates, and if it is proved that he is not in fact the owner of such bank notes, he and the owner thereof, unless in the case of the latter he can prove that the declaration was made without his knowledge, shall be deemed to have contravened the provisions of section 4.

(6) Unless it appears that the declaration has not been completed in all material particulars, the Reserve Bank, scheduled bank or Government treasury, as the case may be, to which an application for exchange of high denomination bank notes is made under this section shall exchange the said notes for an equivalent value of bank notes of the denominational value of one hundred rupees, or if the applicant so desires, for the credit of an equivalent amount to his account with a bank.

(7) Where it appears that the declaration has not been completed in all material particulars, the Reserve Bank, scheduled bank or Government treasury, as the case may be, to which such application as aforesaid is made, shall, unless the applicant is able to supply the omission without delay, refuse to accept and exchange the bank notes to which the declaration relates, and if it does so refuse, shall return one copy of the declaration to the applicant after entering thereon the date on which it is presented, and shall refer the applicant to the Central Government to which it shall forward a copy of the declaration with a brief statement of the reasons for refusing to exchange the bank notes.

(8) The Central Government may require any applicant referred to it under sub-section (7) to amplify his declaration to such extent and in respect of such particulars as it thinks fit, and may unless the applicant is able fully to comply with such requirement, refuse to sanction the exchange of the high denomination bank notes to which the declaration relates.

(9) Notwithstanding anything to the contrary in the foregoing provisions of this section, no high denomination bank notes exceeding in value ten lakhs of rupees held by any person shall be exchangeable under this section except with the Reserve Bank at Bombay, Calcutta or Madras.

(10) The Central Government or any person or authority authorised by it in this behalf may for sufficient reason extend in any particular case the period during which high denomination notes may be tendered for exchange under this section.

(2) Where the person committing an offence punishable under sub-section (1) is a company or other body corporate, every director, manager, secretary or other officer or agent thereof shall, unless he proves that the offence was committed without his knowledge or that he exercised all due diligence to prevent such commission, be deemed to be guilty of the offence.

(3) No prosecution for an offence punishable under this section shall be instituted except with the previous sanction of the Central Government.

(4) Notwithstanding anything in section 32 of the Code of Criminal Procedure, 1898 (V of 1898), a Presidency Magistrate or a Magistrate of the first class trying an offence punishable under this section may impose a fine exceeding one thousand rupees.

8. **Closing of banks and Government treasuries.**—All banks and Government treasuries shall be closed for the transaction of all business on the 14th day of January, 1946, and that day shall for the purposes of the Negotiable Instruments Act, 1881 (XXVI of 1881) be deemed to be a public holiday notified under that Act.

10. **Condonation of certain offences under Ordinance II of 1946, not involving high denomination bank notes.**—Notwithstanding anything contained in section 6 of the Bank Notes (Declaration of Holdings) Ordinance, 1946, where a bank which at the close of business on the 11th day of January, 1946, held no high denomination bank notes (as defined in this Ordinance) fails to present the first return referred to in section 4 of that Ordinance, it shall be deemed not to have committed an offence under that Ordinance.

11. **Power to make rules.**—The Central Government may make rules to provide for any matter for which it deems provision necessary or expedient in order to give effect to the purposes and provisions of this Ordinance, and without prejudice to the generality of the foregoing power, such rules may provide for the manner in which and the conditions subject to which high denomination bank notes brought or sent into British India after the commencement of this Ordinance or which are held outside British India may be exchanged.

3. Insertion of new sections 19A and 19B in Act XXXV of 1939.—After section 19 of the said Act the following sections shall be inserted, namely:—

"19A. *Power to acquire requisitioned property.*—(*1*) Without prejudice to any power to acquire property conferred by any rule made under this Act, any immovable property which has been requisitioned under any rule so made may, in the manner provided by any such rules for the acquisition of property, be acquired in the circumstances and by the Government hereinafter specified, namely,—

(*2*) The delivery of possession of the property to the person specified in an order under sub-section (*1*) shall be a full discharge of the Government from all liabilities in respect of the property, but shall not prejudice any rights in respect of the property which any other person may be entitled by due process of law to enforce against the person to whom possession of the property is given."

4. Declaration as to application to pending proceedings.—For the avoidance of doubts it is hereby declared that the provisions of section 19 of the said Act as amended by clause (*b*) of section 2 of this Ordinance shall apply to proceedings before an arbitrator under the said section 19 pending on the date of the commencement of this Ordinance, but such amendment shall not affect any case in which the arbitrator has before the said date made his award under that section, or operate to revive or reopen any case in which, before the said date,—

(*i*) compensation has been paid and accepted without protest formally recorded in writing, or

(*ii*) the amount of compensation payable has been fixed by agreement, whether or not at the said date such amount has been paid.

(*3*) after sub-section (*2*) the following sub-section shall be added, namely:—

"(*3*) The reference in sub-section (*1*) to Schedule G shall be construed as a reference to such schedule as for the time being amended under sub-section (*2*).".

Amendment of section 107H.

6. The proviso to sub-section (*1*) of section 107H of the said Act shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

Section 107A of the Cess Act, 1880, provides that the "acreage rate" basis of valuation shall be adopted in respect of any district which has been included by notification in Schedule G to the Act. There is no corresponding provision for a change from the "acreage rate" basis to the old "rental" basis of valuation by deleting the district from the list in the said schedule. Experience of the working of Chapter VIIA of the Act has shown that in many districts it does not secure a more equitable distribution of Cess burden on the tenure-holders and the cultivating raiyats, which was the main object of enacting this chapter in 1934, and that there are districts in which the old procedure of valuation works more equitably. It is, therefore, necessary to make it fully optional to Government to utilize in any given district the "acreage rate" or the "rental" basis of valuation, whichever appears more equitable.

The Rowlands Committee have recommended that there should be an increase in the Cess rate to make the resources of district boards more elastic. In order to enable Government to give effect to this recommendation, should it at any time see fit to do so, it is necessary to remove the maximum limits of Cess rates as provided in the Act.

The Bill has been framed with these objects in view.

G. M. RATCLIFF,
Secy. to the Govt. of Bengal.

Provided that before the Collector takes any action under this sub-section at the request of any person other than the authorised person, the Collector shall give the authorised person a reasonable opportunity of making any representation he may like to make and the Collector shall consider any representation so made.

VIII of 1885.

Restoration of possession of land adjoining a derelict tank on the restoration of possession of such tank under section 9.

9C. When the possession of a derelict tank is restored by the Collector under section 9, the Collector shall at the same time restore the possession of any land adjoining such tank of which possession was taken under section 6A and has not already been restored under sub-section (*1*) of section 9B or of which possession was retaken under sub-section (*3*) of section 9B to the person recorded as entitled to possession of such land in the record-of-rights referred to in section 22 or to his successor in interest:

Provided that where the person to whom the possession of the tank is restored under section 9 is not the person recorded as entitled to possession of such land in the said record-of-rights or his successor in interest the possession of such land shall not be so restored until the improvements, if any, required to be carried out in the tank under clause (*b*) of the proviso to section 9 has been completed if the person to whom the possession of the tank is so restored agrees to pay the person so recorded as entitled to possession of such land the compensation which would have been payable by the authorised person under sub-section (*1*) of section 14A if such authorised person had continued to be in possession of such land."

The Bengal Tanks Improvement (Amendment) Act, 1946.

(Sections 10—13.)

Amendment of section 10.

10. In section 10 of the said Act, after the words "derelict tank" the words, figures, letters and brackets "or any land of which possession is taken under section 6A or is retaken under sub-section (*3*) of section 9B" shall be inserted.

Amendment of section 11.

11. In section 11 of the said Act,—

(*a*) after the words "derelict tank" the words "or of any land adjoining a derelict tank under this Act" shall be inserted;

(*b*) after the words "said tank" the words "or land" shall be inserted; and

(*c*) in the proviso, after the words "where rent" the words "in respect of the tank" shall be inserted.

Amendment of section 12.

12. Section 12 of the said Act shall be renumbered as sub-section (*2*) of that section and before the said section as so renumbered the following sub-section shall be inserted, namely:—

"(*1*) Where a derelict tank is, at the time of the taking of possession thereof by an authorised person, in the actual possession of the owner of the tank, the authorised person shall, at such times and in such manner as may be prescribed, pay to such owner such rent as the Collector, after such enquiry as he thinks fit, may determine:

Provided that where the authorised person is the owner of the tank in actual possession thereof, no such payment of the rent determined by the Collector under this sub-section shall be necessary; but the amount of such rent shall be included in and form part of the costs incurred or likely to be incurred by the authorised person in carrying out the required improvements in the tank".

Insertion of new section 14A.

13. After section 14 of the said Act the following section shall be inserted, namely:—

Payment of compensation to persons having rights in lands adjoining a tank of which possession is taken under this Act.

"14A. (*1*) Where the owner of a derelict tank is not the owner of any land adjoining such tank of which possession is taken under section 6A, or retaken under sub-section (*3*) of section 9B, the authorised person shall, at such times and in such manner as may be prescribed, pay to the person in possession of such land at the time of taking or retaking possession thereof such compensation as the Collector, after such inquiry as he thinks fit, may determine. Such compensation shall not be less than the amount of the rent which the person so dispossessed is liable to pay in respect of the land and shall be deemed to be a full and complete satisfaction for all loss suffered by such person as a result of the interference with his possession.

(*2*) Where the owner of a derelict tank is also the owner of any land adjoining such tank of which possession is taken under section 6A, or retaken under sub-section (*3*) of section 9B, the authorised person shall—

(*a*) in the case where such land is in the actual possession of the owner thereof, pay at such times and in such manner as may be prescribed to such owner such rent as the Collector, after such inquiry as he thinks fit, may determine:

Provided that where the authorised person is the owner of such land in actual possession thereof, no such payment of the rent determined by the Collector under this clause shall be necessary; but the amount of such rent shall be included in and form part of the costs incurred or likely to be incurred by the authorised person in carrying out the required improvements in the tank; and

(*b*) in other cases, pay at such times and in such manner as may be prescribed to any person to whom such land has been leased out and who holds such land as lessee at the time such possession is taken or retaken and to every other person having at that time, on payment of any rent or charge, any right in such land, such compensation as the Collector, after such inquiry as he thinks fit, may determine, and such compensation shall not be less than the amount of the rent or charge which the person to whom the compensation is paid

The Bengal Tanks Improvement (Amendment) Act, 1946.

(Sections 14, 15.)

continues to be liable to pay to the owner or the tenant of such land and shall be deemed to be a full and complete satisfaction for all loss suffered by every such person as a result of the interference with the exercise of his right".

Amendment of section 15.

14. Section 15 of the said Act shall be renumbered as sub-section (*1*) of that section and to the said section as so renumbered the following sub-section shall be added, namely:—

"(*2*) During the period any land, of which possession is taken under section 6A, or retaken under sub-section (*3*) of section 9B, remains in the possession of an authorised person, no person shall without the permission of the authorised person use or occupy such land or take fruits from trees on, or other produce from, such land."

Substitution of new sections for sections 16 and 17.

15. For sections 16 and 17 of the said Act, the following sections shall be substituted, namely:—

Rights to use the water of the tank.

"16. During the period of possession all rights to use the water of the tank for irrigation purposes shall vest in the authorised person and no person shall use the water of the tank for such purposes except with the permission of the authorised person.

Maximum irrigation area.

16A. (*1*) When the possession of any tank has been taken under section 5 or section 6 the Collector shall determine in the prescribed manner the maximum area of land to the limits of which irrigation from the said tank may practicably be extended (hereinafter referred to as the maximum irrigation area) and the system and alignment by which and the priority in accordance with which such irrigation can be so extended to the land in that area, and shall publish a notice in the prescribed form and manner defining the limits of the maximum irrigation area and specifying the system, alignment and priority so determined.

(*2*) Every person possessing agricultural land within the maximum irrigation area shall, subject to the provisions of sub-sections (*3*) and (*4*), be liable to pay a fee annually during the period of possession to the authorised person at the rate fixed and in the manner provided under section 17 and such liability shall not cease by reason of such person not using water for irrigation purposes from the tank to which the maximum irrigation area relates.

(*3*) Any person concerned may, within thirty days of the date of the publishing of the notice referred to in sub-section (*1*), apply in the prescribed form and manner and on payment of the prescribed fee to the Collector for—

(*a*) including any land within the maximum irrigation area,

(*b*) excluding any land from the maximum irrigation area, and

(*c*) exempting any land or part of any land from liability to pay the fees referred to in sub-section (*2*) on the ground that such land cannot practicably be irrigated from the tank to which the maximum irrigation area relates, or cannot be benefited by such irrigation or that such land is not agricultural land,

and the Collector after giving the applicant a reasonable opportunity of being heard may pass such order as to such inclusion, exclusion or exemption as he thinks fit.

(*4*) The Collector may of his own motion at any time after the expiry of thirty days from the date of publishing of the notice referred to in sub-section (*1*), include within the maximum irrigation area any land which was not agricultural land at the time of publication of such notice but has subsequently been converted into agricultural land, or otherwise revise the limits of the maximum irrigation area or exempt any land or part of any land within such maximum irrigation area from liability to pay the fees referred to in sub-section (*2*) and the Collector shall modify the list referred to in sub-section (*1*) of section 16B accordingly:

The Bengal Tanks Improvement (Amendment) Act, 1946.

(Section 15.)

Provided that before any order for such inclusion, revision or exemption is passed all persons concerned shall be given a reasonable opportunity of making any representation which they may like to make and the Collector shall consider such representation.

Preparation of list.

16B. (*1*) As soon as may be after the Collector has disposed of any applications made under sub-section (*3*) of section 16A he shall prepare a list in the prescribed form and manner of the persons who are liable to pay the fees referred to in sub-section (*2*) of that section and such list shall specify the amount of agricultural land within the maximum irrigation area in respect of which each such person is to pay such fee and the amount of such fee which such person is to pay annually to the authorised person.

(*2*) The Collector shall publish the list referred to in sub-section (*1*) and every modification of such list in the manner prescribed and shall, where the authorised person is not the Collector, forward a copy of such list and every modification of such list to the authorised person who shall permit every person whose name is entered in the list or his successor in interest to use the water of the tank for the irrigation of the land of such person as long as the amount of the fee payable by such person is duly paid and not otherwise.

(*3*) If any dispute arises between persons entered in the list prepared under sub-section (*1*) as to any matter in respect of the use of water by such persons from the tank for the irrigation of their lands the authorised person shall decide the dispute and his decision, subject to the provisions of section 26, shall be final.

Payment and rate of fees.

17. (*1*) Every person whose name is included in the list referred to in sub-section (*1*) of section 16B or his successor in interest shall pay annually and in the prescribed manner and on the dates prescribed to the authorised person the fees fixed according to the provisions of this section.

(*2*) If the fees payable under sub-section (*1*) are not paid within fifteen days from the due date fixed for such payment, interest on the amount of the fees so outstanding shall be payable at the rate of six and one quarter *per centum per annum* calculated from the day on which such payment became due until the date on which the amount of the fees so outstanding is paid or recovered, as the case may be.

(*3*) Such Revenue Authority as may be appointed by the Provincial Government in this behalf shall fix, in respect of any tank of which possession is taken under this Act and for which the maximum irrigation area has been determined by the Collector, the rate or rates at which fees to be paid to the authorised person under sub-section (*1*) shall be calculated and different rates may be so fixed for classes of agricultural lands of different descriptions or having different advantages.

(*4*) The rate to be fixed under sub-section (*3*) for any class of agricultural land shall be such that—

(*a*) all costs incurred or likely to be incurred—

(*i*) by the authorised person in carrying out the required improvements in the tank, and

(*ii*) by the Collector in carrying out the purposes of this Act in respect of the tank,

will be recovered together with interest thereon at the rate of six and one quarter *per centum per annum* within such period as is determined by the Collector under section 8 as the period for which the authorised person is entitled to remain in possession of the said tank, and

(*b*) the rate of fees payable in respect of any land for the irrigation of which any person had, at the time when possession was taken of the tank under this Act, no right to use the water of the tank exceeds by fifty *per centum* the rate of fees payable in respect of the land for the irrigation of which a person had such a right.

The Bengal Tanks Improvement (Amendment) Act, 1946.

(Sections 16—20.)

(*5*) The Revenue Authority appointed under sub-section (*3*) may revise the rate or rates of fees fixed under this section in respect of any tank.

(*6*) Any sum due to the authorised person under this section shall be recoverable as a public demand.

Passage of water.

17A. NOTIFICATION.

No. 191L.—8th February, 1946.—The following Statement of the reasons which have moved the Governor of Bengal to enact the Bengal Tanks Improvement (Amendment) Act, 1946, in exercise of the powers assumed to himself by the Proclamation, dated the 31st day of March, 1945, issued under section 93 of the Government of India Act, 1935, is published for general information:—

Statement.

The Bengal Tanks Improvement Act, 1939, was enacted with the object of improving irrigation tanks for the purpose of providing additional irrigation facilities in those areas which are frequently affected by drought. Experience of the working of the Act has shown that it is almost impossible to recover, on a voluntary basis, the requisite rates in respect of water drawn for irrigation purposes from tanks improved under the Act. It has also been found that full advantage cannot be taken of the improvement of a tank by reason of the omission from the Act of any provision permitting the irrigation of areas which are not, in terms of the record-of-rights, entitled to irrigation from such tank. There is, moreover, no provision in the Act for obtaining the possession of land adjoining a derelict tank, even though such possession may be essential to the improvement of the tank itself. Certain other minor defects in the Act have also come to light. In order, therefore, to improve the operation of this valuable measure, the Bengal Tanks Improvement (Amendment) Bill, 1944, was introduced in the Bengal Legislative Assembly and was referred to a Select Committee on the 19th December, 1944. The Committee proceeded with its deliberations, but was unable to conclude them by reason of the Proclamation issued by the Governor under section 93 of the Government of India Act, 1935, on the 31st March, 1945.

2. The issue of the Proclamation has not affected either the necessity for or the urgency of the amendments proposed. There is at present in contemplation a scheme for the improvement of about 5,000 tanks during the financial year 1946-47, and unless the defects mentioned above are removed by an amendment of the parent Act, it will not be practicable to implement this scheme. The draft Bill was published in the *Calcutta Gazette* on the 29th November, 1945, for the purpose of eliciting public opinion thereon. As a result of the publication certain further changes have been incorporated in the amending Act, but these are of a very minor character and do not affect the substance of the original Bill.

7. No action taken by, nor any proceedings commenced before, any person appointed under section 9 of the said Act to assist the Registrar shall be invalid by reason only of the fact that the amendments made by clause (*b*) of section 2, section 3 and section 6 of this Act were not in operation on the date on which such action was taken or such proceedings were commenced; and every such action or proceedings shall be deemed to be as valid as if such action had been taken or such proceedings had been commenced under the said Act as so amended by this Act.

NOTIFICATION.

No. 193L.—8th February, 1946.—The following Statement of the reasons which have moved the Governor of Bengal to enact the Bengal Co-operative Societies (Amendment) Act, 1946, in exercise of the powers assumed to himself by the Proclamation, dated the 31st day of March, 1945, is published for general information:—

Statement.

In the *Calcutta Gazette* of the 15th March, 1945, there was published a Bill to amend the Bengal Co-operative Societies Act, 1940 (Bengal Act XXI of 1940), for the purpose (1) of enabling Government to impose upon Assistant Registrars the duties entrusted to the Registrar under sections 86, 87 and 134 of the Act, read with the Fourth Schedule thereto, (2) of removing any conflict between the provisions of section 51 of the Act and those of section 7(*2*)(*j*) of the Payment of Wages Act, 1936 (IV of 1936), by amending the former section so as to exclude from the operation thereof persons employed upon Federal Railways or in mines or oil fields, and (3) of rectifying a printing error in section 56 of the Act. This Bill could not be introduced in the Provincial Legislature owing to the intervention of the Proclamation issued by the Governor under section 93 of the Government of India Act, 1935. The necessity, however, of amending the Act on these lines remains, and accordingly a second Bill was published in the *Calcutta Gazette* of the 20th December, 1945, for the purpose of eliciting an expression of public opinion thereon. This Bill embodied the provisions contained in the earlier Bill, and also included (*a*) a provision designed to enable disputes to be entertained whether the relevant claim be admitted or not, and (*b*) a provision validating action taken in the past by, or proceedings commenced in the past before, Assistant Registrars under sections 86, 87 and 134 of the Act read with the Fourth Schedule thereto. No objections or suggestions have been received in respect of this Bill; and the necessity for and the urgency of the measure has not been affected by the issue of the Proclamation. The Governor has accordingly assented to the enactment of the Bill as a Provincial Act.

Bengal Act VII of 1946

THE BENGAL SLUM IMPROVEMENT (AMENDMENT) ACT, 1946.

[Assent of the Governor was first published in the *Calcutta Gazette, Extraordinary* of the 5th March, 1946.]

An Act to amend the Bengal Slum Improvement Act, 1945.

WHEREAS it is expedient to amend the Bengal Slum Improvement Act, 1945, for the purpose and in the manner hereinafter appearing; Ben. Act XVI of 1945.

AND WHEREAS by the Proclamation, dated the 31st day of March, 1945, issued under section 93 of the Government of India Act, 1935, the Governor of Bengal has assumed to himself all powers vested by or under the said Act in the Provincial Legislature; 26 Geo. V, c. 2.

NOTIFICATION.

No. 203L.—9th February, 1946.—The following Statement of the reasons which have moved the Governor of Bengal to enact the Bengal Slum Improvement (Amendment) Act, 1946, in exercise of the powers assumed to himself by the Proclamation, dated the 31st day of March, 1945, issued under section 93 of the Government of India Act, 1935, is published for general information:—

Statement.

Section 17 of the Bengal Slum Improvement Act, 1945 (Bengal Act XVI of 1945), provides, for the purposes of the Calcutta Municipal Act, 1923 (Bengal Act III of 1923), for the distribution of rights in land in those Calcutta slum areas in which improvements have been effected in terms of the former Act. One of the objects of this section is to treat the owner of any such land as the occupier of all drains provided on it for more than one hut or other building, in so far as such drains form part of such improvements. Owing to a clerical error, the words "more than" have been omitted from the section as enacted; and this omission adversely affects the operation of the section itself.

For the purpose of rectifying the omission referred to above, this Act has been enacted by the Governor of Bengal in exercise of the powers assumed to himself by the said Proclamation.

Legislative Department.

NOTIFICATION.

No. 287L.—6th March, 1946.—The following Statement of the reasons which have moved the Governor of Bengal to enact the Bengal Finance (Sales Tax) Second Amendment Act, 1946, in exercise of the powers assumed to himself by the Proclamation, dated the 31st day of March, 1945, is published for general information:—

Statement.

In view of the difficulties which have arisen over the enhancement of the sales tax from three quarters of an anna in the rupee to one anna in the rupee, and the decision announced by the Finance Member of the Government of India to appoint a Committee to enquire into taxation generally, the Provincial Government considers that this enhancement requires further examination before it is brought into effect. The Provincial Government has therefore decided to suspend for the present the operation of the Bengal Finance (Sales Tax) Amendment Act, 1946, by which the sales tax was so enhanced. This suspension is to have retrospective effect.

To give effect to the above decision, the Governor has enacted the Bengal Finance (Sales Tax) Second Amendment Act, 1946, in exercise of his legislative powers under the Proclamation issued under section 93 of the Government of India Act, 1935.

By order of the Governor,
G. M. RATCLIFF,
Secy. to the Govt. of Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL

Calcutta, the 29th March 1946.

Forecast of the Rabi Crops of Bengal for 1945-46.

(*Note.*—On an average of the five years ending 1943-44, the area under summer rice in Bengal has represented some 0·6 per cent. of the total area under rice in India.)

Character of the season.—Early sowings were delayed in certain districts due to excessive rainfall in October last. Later on, continued drought from November till the middle of March hampered cultivation and adversely affected the growth of the crops almost everywhere. Some damage at places was reported to have been suffered by the crops due to lack of rains.

Acreage.—The areas sown with different rabi (1) food crops and (2) non-food crops dealt with in this forecast are estimated at (1) 3,486,500 acres and (2) 684,000 acres this year, as against (1) 3,697,800 acres and (2) 564,300 acres (revised) respectively of last year and as against the total estimated normal areas of (1) 3,033,300 acres and (2) 593,700 acres (revised).

The total food crops acreage this year shows a decrease by about 5·7 per cent. as compared with that of last year and the decrease under summer rice is about 2·6 per cent. The area under summer rice is estimated to be 542,900 acres this year as against 557,500 acres (revised) of last year. The area under tobacco is estimated to be 174,000 acres this year, as against 165,600 acres (revised) of last year.

Outturn.—The average outturn of the different rabi crops is estimated to be 71 per cent. of the normal this year as against 78 per cent. of the normal last year.

Summer rice and tobacco crops.—The average outturn of summer rice (boro) for the province works out to 79 per cent. of the normal this year, as against 87 per cent. of the normal last year. The gross yield of the crop, on the basis of the normal yield of 13·6 maunds of clean rice per acre, is estimated at 214,300 tons this year, as against 242,200 tons (revised) of last year.

The outturn of tobacco works out to 74 per cent. of the normal this year, as against 78 per cent. of the normal last year.

Taking 1,151 lbs. or 14 maunds as the normal yield of tobacco per acre, the gross yield of the crop for the province works out to 66,200 tons this year, as against 66,400 tons (revised) of last year.

CALCUTTA IMPROVEMENT TRUST

NOTICE.

5 Clive Street, Calcutta, the 8th March 1946.

Notice is hereby given under section 47(3) of the Calcutta Improvement Act, 1911 (as amended), that the Board of Trustees for the Improvement of Calcutta have applied to the Local Government for sanction to Improvement Scheme No. VI—Maniktala (Narkeldanga Main Road to Maniktala Main Road) which was first published in the *Calcutta Gazette* and in local newspapers on the 8th March 1945.

J. A. PARKS, Chairman.

DIRECTORATE OF AGRICULTURE, BENGAL.

Calcutta, the 1st March 1946.

Second Forecast of the Spring Oilseed Crops of Bengal for 1945-46.

(*Note.*—On an average of the five years ending 1943-44, the area under linseed in Bengal has represented some 4·1 per cent. and that under rape and mustard some 12·5 per cent. of the total area under these crops in India.)

Character of the season.—Since the submission of the first forecast the weather and its effect on the growth of the crop have not been quite favourable in many of the districts. Some damage has been caused in a few districts due to drought.

Area sown.—The total area under these crops (excepting sesamum for which separate forecasts are issued) is estimated at 749,000 acres this year as against 1,009,700 acres shown in the corresponding forecast of last year and against the revised final area of 748,200 acres of last year as found by plot to plot crop survey of 1944-45 conducted by the Development Commissioner, Bengal.

Outturn.—The average outturn of different oilseeds for the Province, is estimated at 62 per cent. of the normal this year as against 70 per cent. and 69 per cent. of the normal returned in the corresponding and the final forecasts respectively of last year.

F. I. WAHEED,
for Director of Agriculture, Bengal.
